# FEATURES

### 1 TRAPEZOID SIDE IMPACT PROTECTION

The seat is equipped with an upgraded side impact protection system featuring an innovative trapezoid-shaped design. It enhances stability and effectively reduces the harm caused by accidents. The built-in cellular structure promptly absorbs impact forces to a great extent.

### 2 SPACIOUS SEATING

Every inch of space is carefully considered to ensure children can fully stretch their bodies and enjoy every moment of the journey.

### 3 FLEXIBLE ERGONOMICS

The headrest is made of vibration-absorbing material and soft memory foam, providing optimal support and comfort for the neck. The backrest offers multiple adjustable angles to support children's spinal health, compatible with any vehicle seat. A cushion insert to enhance comfort, particularly for children's pelvic area during long journeys.

### 4 MADE WITH PASSION IN GERMANY

Sustainable products of the highest quality. Made in Germany with love and attention to details.

### 5 COMFORT VENTILATION

Additional holes are incorporated into the back of the seat shell to enhance air circulation. These holes are hexagonally shaped for increased airflow and rapid heat dissipation.

### 6 LIGHTWEIGHT

The lightweight design of the seat ensures easy handling and intuitive operation. Whether for long-distance or short trips, it provides added convenience.

### 7 WASHABLE SOFT FABRIC COVER

The hexagonal pattern is highly recognizable, it passes Hohenstein OEKO-TEX and is skin-friendly and non-stuffy.
